# Medisinsk avstandsoppfølging 2018 - 2021

---

Nasjonalt program for velferdsteknologi

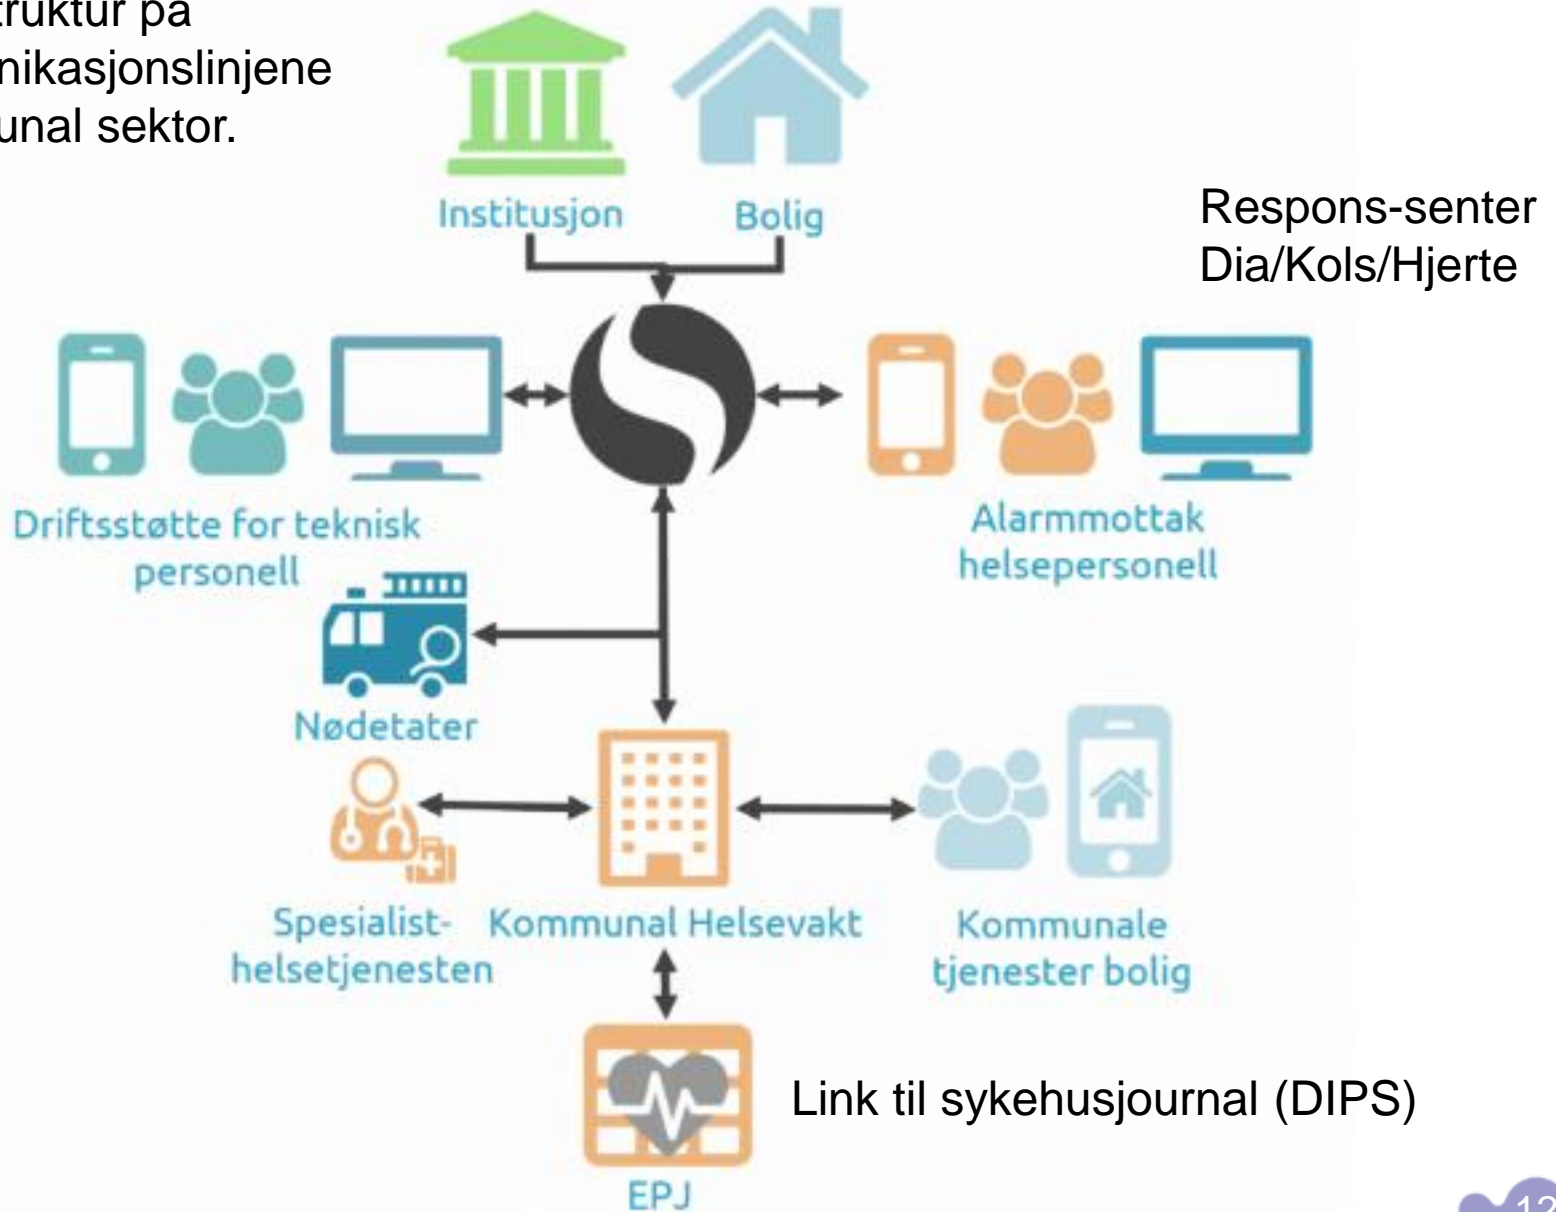

# Deltakere i ny utprøving av medisinsk avstandsoppfølging

- Oslo, med bydelene Sagene, St. Hans-haugen, Grünerløkka og Gamle Oslo
- Kristiansand i samarbeid med Farsund, Arendal og Grimstad
- Eid kommune( i samarbeid med Selje)
- Bodø kommune
- Ullensaker i samarbeid med Gjerdrum
- Larvik kommune

Mulig struktur på kommunikasjonslinjene i kommunal sektor.

# How does it work?

# New functionality presented today

- All new technology/ functionality that can help the patient to a better life is welcome under certain conditions:
- We have to get into a safe framework within the rules of GDPR
- A question is « Who shall own the personal data» in the future ?
- Should it be the person, the state or someone else ?

Thank you
