Exhibition
During the Symposium, an exhibition on digital health by Member States and partners will be located in the foyer of UN City. This exhibition highlights some of the work of Member States and partners in developing and transforming national health systems using digital health. Please visit the exhibition to see examples of digital health in action!

“Chill room sessions”
Need a relaxing space to discuss and reflect during the Symposium? A “chill room” has been set up to the right of the auditorium entrance for delegates to meet and discuss in a relaxing and comfortable space. This room will also be used during breaks and lunchtime to host short talks from Member States and partners (in a PowerPoint-free environment!). See the programme for more details of speaker sessions in the “chill room”.

Consultation on the WHO Regional Office for Europe roadmap for the digitization of health systems
A Member State consultation on the forthcoming European roadmap for the digitization of health systems will take place in room 0.9.34, Yangtze on 4 March between 13:15 and 14:30. Please note that participation is restricted to Member State delegations.

2nd Global Consultation on Developing WHO Guidance on Ethics and Governance of Artificial Intelligence (AI) for Health
In parallel with the Symposium, the WHO Regional Office for Europe is proud to host the 2nd Global Consultation on Developing WHO Guidance on Ethics and Governance of Artificial Intelligence (AI) for Health, which will take place on 5–6 March in room 0.9.34, Yangtze. A strictly limited number of observer seats are available on 5 March. If you are interested in attending in this meeting, please contact Yosr Arfa at arfay@who.int to request a place.
